ABOUT THIS REPORT

The information contained in this Social Responsibility Report encompasses Laurentian Bank Financial Group's¹ and its prescribed Affiliates (as defined in Our Annual Declaration and collectively referred to throughout this document as LBCFG) relevant activities during the fiscal year ended October 31, 2018, in accordance with Canadian federal regulations.

In the following pages, Laurentian Bank Financial Group is pleased to share its achievements and contributions as they relate to our customers, team members, shareholders, communities and the environment.

WHO WE ARE:

LAURENTIAN BANK FINANCIAL GROUP

Laurentian Bank Financial Group is a diversified financial services provider whose mission is to help customers improve their financial health. Laurentian Bank of Canada (founded in 1846) and its entities are collectively referred to as Laurentian Bank Financial Group.

The Group provides a broad range of advice-based solutions and services to its business, retail and institutional customers. With pan-Canadian activities and a presence in the United States, the Group is an important player in numerous market segments.

BY THE NUMBERS

¹ The Laurentian Bank Financial Group means Laurentian Bank of Canada and its subsidiaries, collectively referred to herein as: "Laurentian Bank Financial Group", "LBCFG", the "Group" or the "Bank" who provide deposit, investment, loan, securities, trust and other products or services.

GROUP PRESIDENT AND CEO'S MESSAGE

In our view, the size of our organization is a key advantage. Laurentian Bank Financial Group is small enough that we can make positive changes quickly and yet large enough – with the resources at hand – to ensure the changes we make are meaningful to all of our stakeholders.

In 2018, we made progress on delivering initiatives that make our organization better for our team members, our customers and the communities we serve.

For our people, we supported their engagement and empowerment by investing in how and where they work, and then by recognizing their accomplishments.

This year, we completed construction of our new corporate office in Montreal and moved teams from nine different offices to this one centralized location. Our two major sites – in Montreal and Toronto – are well-designed, LEED-certified spaces that promote inclusiveness and collaboration for all.

Developing opportunities for our team members and celebrating their accomplishments are foundational priorities. Our Global Recognition Program and other initiatives aimed at promoting diversity and inclusion in the workplace are having positive impacts on our workforce.

For our customers, we expanded our network of ABMs by joining THE EXCHANGE® Network which allows for increased access to their accounts in every province and territory from coast to coast.

We also made significant progress this year in our ability to offer digital banking to our customers. Becoming more digital – and less reliant on paper – is what our customers want and obviously, is better for the environment.

For our communities, we raised awareness and funds that will go directly to causes and organizations that are dear to our team members. Giving back to our communities is a practice that we are fortunate and privileged to do.

We are proud of our achievements and, as we head into 2019, we remain focused on delivering our commitments that will make us a better and more sustainable organization for our stakeholders.

François Desjardins
President and CEO

COMMUNICATING WITH OUR STAKEHOLDERS

Engaging with our stakeholders is a priority across the organization. Be it through day-to-day interactions with our customers, exchanging ideas and goals with our team members, or being open with our shareholders, we strive to communicate clearly and effectively. Here are some of the tools we use.

Our stakeholders	Our commitments	The ways we communicate
Customers	<ul style="list-style-type: none"> • Help our customers improve their financial health • Continuously improve the customer experience 	<ul style="list-style-type: none"> • Laurentian Bank, B2B Bank and Laurentian Bank Securities websites • Online banking through LBCDirect, B2BDirect and brokerage sites – desktop and/or mobile versions • Telephone service • Social media: Facebook, LinkedIn, Twitter • Ombudsman • Emails and mailings • Customer surveys • In-branch posters and brochures
Team members	<ul style="list-style-type: none"> • Share the organization's vision and strategic direction • Offer a dynamic and safe working environment • Encourage development 	<ul style="list-style-type: none"> • Annual meeting between the President and team members • Visits of offices and places of business by senior management • Regular sector meetings • Internal publications: President's editorial, bimonthly publication, regular communications on corporate activities • Intranet newsfeed for team members and managers • Ombudsman • Social Media: President's Twitter feed exclusive to team members • Labor relations committee and other means as prescribed in the collective agreement
Shareholders and investors	<ul style="list-style-type: none"> • Generate sustainable growth and profitability 	<ul style="list-style-type: none"> • Disclosure of quarterly and annual financial results • Annual meeting of shareholders • Meetings and phone calls with financial analysts and investors • Proxy Circular • Annual Information Form • Social Responsibility Report • Annual and Quarterly Reports • Laurentian Bank Financial Group and all affiliated business line websites
General public	<ul style="list-style-type: none"> • Be involved in the communities where we operate • Inform the general public of our products and services 	<ul style="list-style-type: none"> • Activities related to donations and sponsorships • Social Responsibility Report • Regular contacts with the media • Social media: Facebook, LinkedIn, Twitter • Laurentian Bank Financial Group and all affiliated business line websites
Regulatory authorities	<ul style="list-style-type: none"> • Comply with regulations in all of our activities 	<ul style="list-style-type: none"> • Regular exchanges with representatives of regulatory authorities

OUR CUSTOMERS

Building a better customer experience

It's no surprise that banking needs have changed – and continue changing – at an unprecedented rate. Brought on by technology, the convenience digital banking transactions is what our customers want – and we are making strides to deliver. But more, customers still appreciate the value of human advice.

Digital solutions and advice centres – the way of our future

In 2018, we continued investing in technology and migrating business to our new, modern core banking platform. This system provides the foundation to a new digital banking offer which we plan to make available to new and existing customers from coast-to-coast in 2019.

As well, we were pleased to open our first advice centre in 2018 at our corporate office in Montreal, 1360 René-Lévesque West. This new concept, along with our advice-only branches, will transform the notion of traditional branches and will see us becoming the only bank of the ten largest domestic banks in Canada without tellers by the end of 2019. We have received positive feedback from our customers so far and we look forward to expanding the model.

Committed to clear language

Increasingly, customers prefer to self-serve their transactions, but we still have the responsibility of ensuring they understand how our products and services work, as well as their financial rights and obligations. We take great measures to ensure we use clear language when engaging with our customers in print, online, and in person.

Financial products and services to meet a variety of needs

Different customers have different needs. From personal banking to small business or commercial needs, we help customers improve their financial health – that's our mission. And that ideal holds true for customers of all demographics, including those just starting out, individuals with lower-incomes, seniors and persons with disabilities.

For low-income individuals:

- a low-fee banking plan that includes up to 12 transactions per month

For young people:

- a no-fee banking plan that includes unlimited monthly transactions, for youths under 18 years of age
- a no-fee banking plan that includes up to 20 transactions per month for students 16 to 25

For seniors:

- a no-fee plan with four transactions per month for persons aged 65 or over
- the 60+ Advantage program that offers discounts on three of our most popular banking plans, for persons aged 60 or over

For persons with disabilities:

- Our virtual network makes banking services available to clients 24 hours a day, 7 days a week via automated banking machines, telephone, and by our website and mobile version of it. Our website and our LBCDirect transactional sites are optimized for use with various types of assistive software for persons with disabilities, and our telephone system features a transcription system. The LBCDirect identification process is also adapted for use by the visually impaired.

- In addition, many of our branches are equipped with automatic doors to facilitate their access. We are also working toward having our branches accessible to everyone, and we continue to carry out projects that transform and enhance access wherever we are able to do so.

To learn more, visit www.laurentianbank.ca

Increased coverage of ABMs for better access to accounts

In 2018, we expanded our network of automated banking machines (ABMs) by joining THE EXCHANGE® Network. Now, our customers have greater access to make day-to-day transactions at no extra charge at over 3,000 ABMs displaying THE EXCHANGE Network logo in every province and territory from coast to coast. In the U.S., access is available via the Accel® Network. Customers can download THE EXCHANGE app to conveniently find an ABM close to them.

Listening to our customers to continuously improve our business practices

Collecting customer feedback – and listening to their concerns – continues to be an important way for us to improve our business processes. And while we strive to deliver a good experience every time we interact with our customers, we know at times, it is not always possible.

In those cases, we have a simple complaint settlement process – available on our website – where we try to find solutions quickly at the source. If customers request additional assistance or escalation, we will refer cases to the appropriate authorities as needed. At Laurentian Bank Securities, the policy governing complaint resolution and dispute settlement is covered by the provisions of the Act respecting the Agence nationale d'encadrement du secteur financier (Bill 107).

Requests handled by the Ombudsman

During fiscal 2018, the Ombudsman's Office handled 54 requests. Of that number, 51 files pertained to Laurentian Bank, and they were handled within an average timeframe of 33 days. At the end of the period, the Ombudsman maintained the Bank's position in 30 files, while in 21 files, it recommended settlement in the client's favour.

Three files pertained to B2B Bank and they were handled within an average timeframe of 35 days. The Ombudsman had endorsed B2B Bank's initial decision in one case. It has recommended settlement in the client's favour in one case and the third file was still under review at the end of fiscal 2018.

No cases were related to Laurentian Bank Securities and LBC Financial Services.

Our social networks

We are on social networking sites and encourage our customers to interact with us.

OUR TEAM

Employee engagement

We believe that with a great team, an organization can do anything it sets out to do. And part of building a great team includes providing opportunities and the right environment where individuals can thrive. We actively listen and measure our performance as an employer through annual engagement surveys. In 2018, our participation rate was more than 60% with 94% of employees reported as supporting our strategic plan.

Developing our human capital

Continuous learning and development is one way we can help our team members thrive in their careers. In addition to in-house training, team members may also receive subsidies from the Group for external courses.

Our Performance Driven program was designed to allow most employees the opportunity to participate in setting their objectives, goals and development needs and then annually review their accomplishments with their managers. The program also allows team members to provide confidential feedback on their manager's performance.

We value input and interactions from all levels of the organization and particularly with our leadership. In 2018, the Group held its annual leadership conference where senior management is encouraged to participate in discussions and exchange ideas on the strategic direction of the organization.

Recruitment and compensation

Investing in talent allows us to optimize our workforce. We're building a culture of performance that begins with recruiting the best candidates and offering compensation packages with a range of benefits*. Our talent acquisition teams regularly participate in job fairs at high-ranking colleges and universities in pursuit of top talent.

Our global compensation package includes:

- Competitive base salary that respects pay equity principles
- Pension plans to help our team members save for their retirement
- Group insurance programs that give team members and their dependents access to a variety of protection and financial security options
- An employee assistance program for team members and their families to support their health and well being
- A generous vacation and floating day entitlement to ensure that our team members maintain a good work-life balance
- Flexible hours and the option to take additional time off (of one week) unpaid each year
- For maternity leaves, we offer top-up benefits to supplement government benefit payments
- A stock purchase plan for team members to which we contribute

*Varies depending on employment status and job level.

- Financial benefits on many of our products, including mortgage loans, banking packages, lines of credit and loans for the purchase of personal computer equipment
- Early retirement planning and options

Diversity and inclusiveness

Diversity and equity are important considerations in recruiting and selecting our candidates. The Executive Committee approved the Staffing Directive, which sets out rigorous and objective selection procedures to ensure that the number of members of the Employment Equity Act designated groups in the organization's workforce reflects their representation in Canadian society. In addition, our Diversity Plan, supported by the Executive Committee, includes initiatives to promote inclusion and diversity on an ongoing basis at work and to reduce gaps in representation. It also emphasizes the awareness of all employees about diversity and inclusion and the implementation of progress indicators.

According to self-identification forms, in 2018, 0.4% of our workforce was made up of Indigenous persons, 5% consisted of persons with disabilities, and 28% were members of visible minorities. Women make up 55% of our workforce and hold 58% of our organization's management positions.

We were especially proud, during the fiscal year 2018, of our current Chief Operating Officer, Deborah Rose, who was named one of Canada's Top 100 Most Powerful Women by the Women's Executive Network (WXN). The honour serves to inspire a new generation of female leaders at our organization.

Work environment and workplace safety

Our two corporate office locations – in Toronto and Montreal – have been designed with our team members' enjoyment and comfort in mind. Like in Toronto, the new office in Montreal, which opened in 2018, features amenities such as café and lounge areas with complimentary hot beverages, ergonomic furniture and workstations, state of the art equipment and abundant access to light. The new modern space promotes collaboration among team members in its open concept design.

We are committed to ensuring a safe workplace. Health and safety committees are in place at each of our locations with 20 or more employees. These committees inspect workplaces to ensure a safe work environment. We also have a certified rescue squad consisting of employees who are trained and available to help when needed. Because safety is such a concern for the organization, procedures are in place for emergency situations and drills are conducted regularly. Both corporate offices are also equipped with first aid rooms and on-site defibrillators to assist team members in need.

Global recognition

Recognition is a tool that reinforces and rewards our team members when they achieve greatness, both personally and professionally. Our Global Recognition Program is in place to celebrate our team members and their accomplishments. The program recognizes individual and team performance, years of service, recognition by management and by peers and contributions to initiatives.

Health and well-being

A culture of performance starts with having healthy and happy employees. We support the well-being of our team members by having programs in place to support their physical and mental health. In addition to the benefits that form part of our global compensation packages, we provide various information and resources on nutrition, stress management and exercise.

We also encourage involvement in various physical activities – such as a company-sponsored softball and volleyball teams and a running club – and reimburse team members for athletic club fees.

CONTRIBUTING TO THE COMMUNITIES WE SERVE

Laurentian Bank Financial Group was proud, once again, to give to a number of organizations in the communities we serve. In 2018, a total amount of more than \$1.2 million was given in donations and sponsorships, including nearly \$80,000 from our generous employees.

Giving Matters Campaign

This year, Laurentian Bank Financial Group launched a new employee fundraising initiative called, *Giving Matters*. Our team members wanted the opportunity to choose causes that were personally dear to them which is why we selected three organizations with whom to partner. And, because we wanted to support the causes that are important to our team members, Laurentian Bank Financial Group matched donations and pledged an additional corporate contribution.

In total, the campaign raised \$179,110. The local regional chapters of each of the following organizations we chose to partner with will receive these amounts:

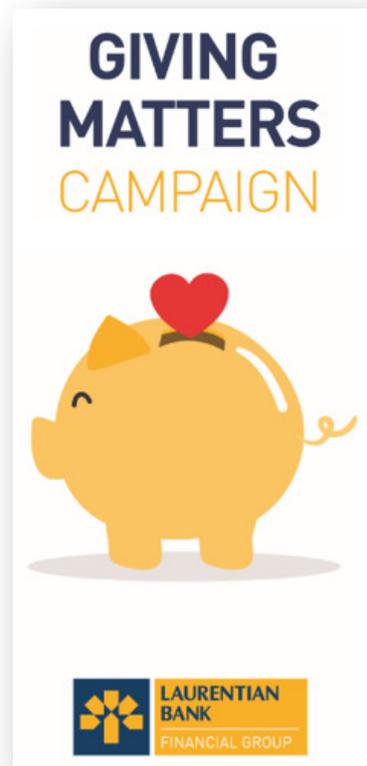

- \$74,826 was donated to the United Way to help disadvantaged people, families and children fight poverty, break social isolation and promote youth success.
- \$34,314 was donated to the Canadian Red Cross to help prepare for emergencies, assist disaster victims and help families recover after events such as flooding, tornados and forest fires.
- \$69,970 was donated to HealthPartners and its member charities to help people affected by disease and illness in their day-to-day lives. Beyond medical care, support is needed for those under distress by a diagnosis, loss of autonomy or disruption in family routines. These member charities also support research to fight and prevent these diseases.

We also take pride in knowing that many of our employees actively make a difference in their own communities. Proximity to others in our communities is one of the values we cherish the most and whether it's by dedicating their personal time or their own resources, our employees get involved in causes close to their hearts. We donate a minimum of \$200 to the organizations to which our employees dedicate their time and talents.

Giving in-kind

In addition to making financial donations, we have found other ways to give back to the communities we serve. This year, we moved employees from nine different offices across Montreal to one central hub. As part of our consolidation efforts, 1,400 books were donated to schools in the Montreal area to promote reading and financial literacy efforts. As well, we ensured that gently-used furniture and supplies were donated to organizations in need.

Laurentian Bank Financial Group was also proud to have enriched many Canadian museum collections by donating thirty-eight works of art from its own collection to ensure accessibility to the public and safeguard them for the future.

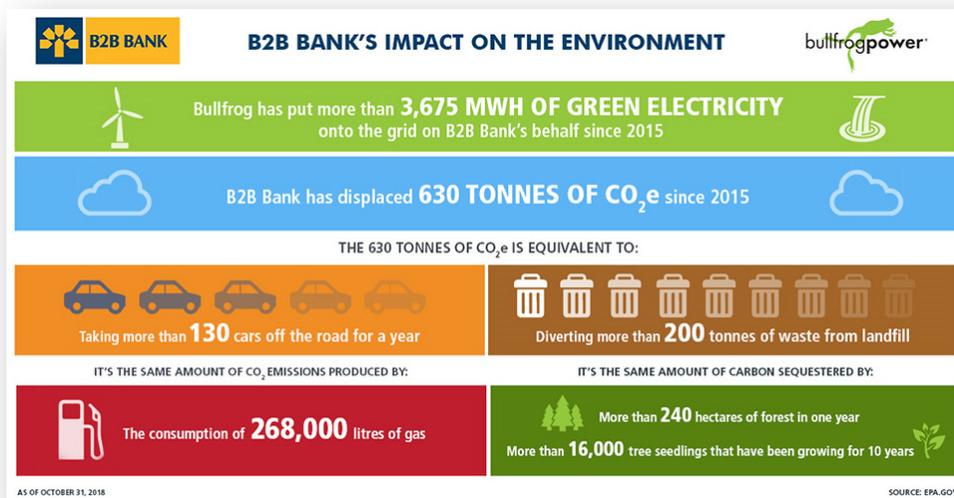

DOING OUR PART TO HELP THE ENVIRONMENT

When it comes to reducing negative impacts to the environment, we all have a role to play. At Laurentian Bank Financial Group, what began as grassroots efforts to reduce waste and save energy in branches and individual offices has permeated throughout the organization and is now a part of our corporate mindset.

Partnering with an environmental leader

In 2015, our B2B Bank business started a partnership with Bullfrog Power. Since then, B2B Bank has bullfrogpowered its entire operations with clean, renewable electricity. Since joining the bullfrogpowered community, B2B Bank has displaced more than 630 tonnes of CO₂. This is the equivalent of taking 130 cars off the road for one year or diverting more than 200 tonnes of waste from a landfill. This is also the same amount of CO₂ emissions produced by the consumption of 268,000 litres of gasoline.

A new environmentally-certified corporate office

As we grow – and increase our pan-Canadian presence – we are conscious of the choices we make when selecting our buildings. The Toronto corporate office is in a Gold LEED-certified building and, in 2018, a large initiative was completed with the consolidation of our corporate offices in Montreal into a Silver LEED-certified building. The eco-friendly features and smart design elements of this new building will enable us to increase our energy efficiency and reduce our energy expenses.

Both corporate offices now have a mindset on reducing, reusing and recycling. Most recently, our Montreal corporate office has established a centralized management system to ensure existing paper supplies and stationery are used before new ones are ordered. As well, all team members at this location were given re-usable bottles and cups for filtered water as a way to encourage them to reduce their dependency on plastic bottles. Waste bins throughout the office also feature separate receptacles to sort garbage, recycling and green waste. And, when it comes to commuting to work, our team members can choose environmental ways to get to the new office as our new location is easily accessible to public transit, includes areas to park hybrid vehicles and has abundant space for bicycles.

Environmentally-responsible business practices

We consider the direct and indirect impact of climate change on the environment. At an asset level, environmental risks are evaluated by our credit management and risk management teams. Our concern for the environment is reflected in responsible business practices. Environmental risk assessment is built into the standard risk management process we follow for all credit-related activities, with the exception of certain very specific cases. For the purpose of identifying levels of potential risk, industries are grouped into three categories: high-risk, special-risk, and low-risk.

Laurentian Bank Financial Group is also proud to be a participant in the green bond market to help finance key eco-friendly projects. In 2018, Laurentian Bank Securities acted as a participant for the issuance of green bonds of a total size of \$2.8B.

GOVERNANCE

A strong organization has strong foundations and corporate governance is an essential pillar. At Laurentian Bank Financial Group, having high standards and good governance practices has always been a priority because that is what supports our business and, ultimately, leads to our continued growth and development.

As our industry evolves, we must continuously review and enhance our policies and business practices – knowing that the strength of our foundations contribute directly to the efficiency of our organization and to long-term shareholder value.

The mandate of our Board of Directors is to oversee the management and sustainability of the Group. Through its three committees (Risk Management Committee, Audit Committee and Human Resources and Corporate Governance Committee) the Board reviews, addresses and advises on a number of issues in order to improve the Group's governance practices.

A measured approach to risk management

Developing and practicing sound risk management policies are essential in this industry. We ensure high standards are in place in areas such as privacy, data integrity and security, cybersecurity, and business continuity management. As well, we ensure our team members are knowledgeable on topics related to risk management and training is provided regularly. As in previous years, we also raise awareness of cybersecurity among team members and the general public during the month of October – designated as Cybersecurity Awareness Month – by way of online and social media campaigns.

Strong regulatory and compliance practices

In our organization, we have placed an emphasis on all matters of compliance. As guidelines and regulations evolve, we ensure our policies and practices are current and aligned in order to protect our customers and consumers at large. This includes ensuring that information is easily accessible and annual training is conducted for all team members on topics such as our Anti-Money Laundering and Anti-Terrorist Financing policy.

Adhering to a strict Code of Ethics

Our team members are guided by our values of proximity, simplicity and honesty. Actions and behaviours that speak to our integrity and responsibilities are set out in the Group's Code of Ethics and, each year, all team members must review and agree to abide by the Code.

List of policies and codes

We have many policies and codes that govern our organization. From risk management and business continuity to credit management and money laundering, employment equity, workplace safety, personal information and more, our policies, codes and guidelines are the solid framework that guides our actions. The specific mandate of the Board and that of its various Committees are available on our website.

ECONOMIC VALUE

As the largest of the mid-sized financial institutions in this country, the economic value we deliver as an employer, taxpayer, lender and provider of services is considerable, and it is our responsibility to ensure that the strategic decisions we make are in the best interest of all our stakeholders.

Opened, merged, and closed branch locations

As of October 31, 2018

During fiscal 2018, the Bank right-sized its branch network to align with the needs of customers who choose to perform their day-to-day transactions electronically. We took additional steps by hosting Open Houses at various branch locations to ensure that our customers could ask questions and receive any additional help they may require to transition to digital banking.

Address	City	Province	Postal code

OUR ANNUAL DECLARATION

This Social Responsibility Report is a declaration of the responsibilities toward communities and is published by the Laurentian Bank Financial Group. It provides an overview of the Group's activities and those of its entities, notably:

- Laurentian Bank of Canada
- Laurentian Bank Securities
- Laurentian Trust of Canada Inc.
- LBC Trust
- Laurentian Bank Insurance Inc.
- B2B Bank
- B2B Bank Securities Services Inc.
- B2B Trustco
- B2B Bank Financial Services Inc.
- B2B Bank Intermediary Services Inc.
- LBC Financial Services
- LBC Capital Inc.
- LBC Investment Management Inc.
- LBC Tech Inc.
- Northpoint Commercial Finance

The 2018 Social Responsibility Report is published by the Executive Office of the Laurentian Bank Financial Group in accordance with the *Public Accountability Statements* regulations adopted on March 21, 2002, and is in compliance with the requirements of the Financial Consumer Agency of Canada (FCAC). It presents an overview of the year's accomplishments with respect to the organization's main stakeholders – clients, employees, shareholders and communities.

This Report is also a complement to the Management Proxy Circular, the Annual Report and the Annual Information Form. These three documents offer more comprehensive information about the programs and policies mentioned and are available at **lbcfg.ca**.

Unless otherwise indicated, the information contained in this document pertains to fiscal 2018 (November 1, 2017 through October 31, 2018).

A full version of this Social Responsibility Report is available at:
